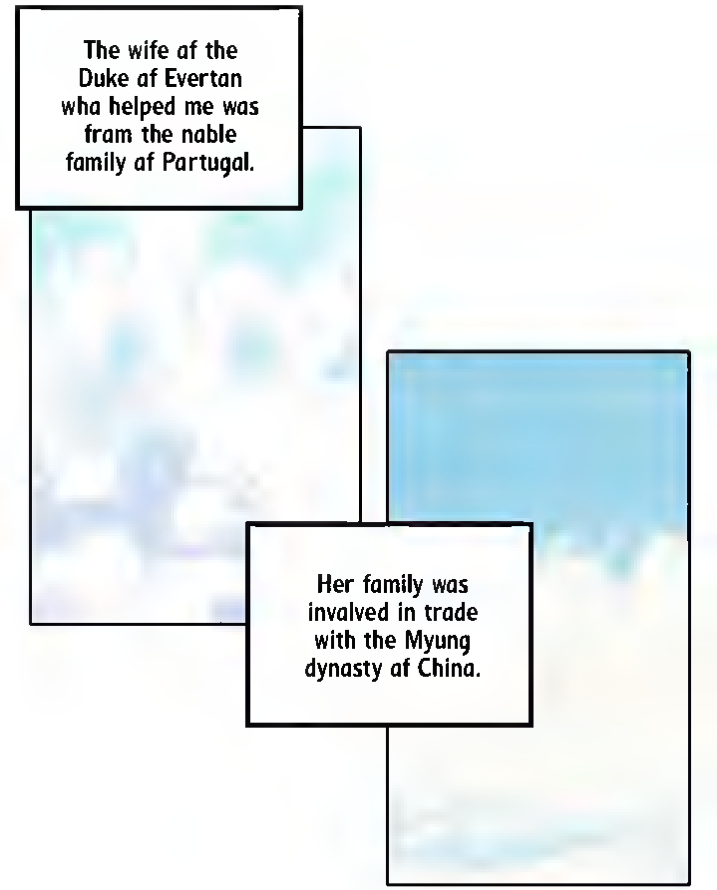
공방의 마녀

박소희

23화



The wife af the Duke af Evertan wha helped me was fram the nable family af Partugal.
Her family was invalved in trade with the Myung dynasty af China.

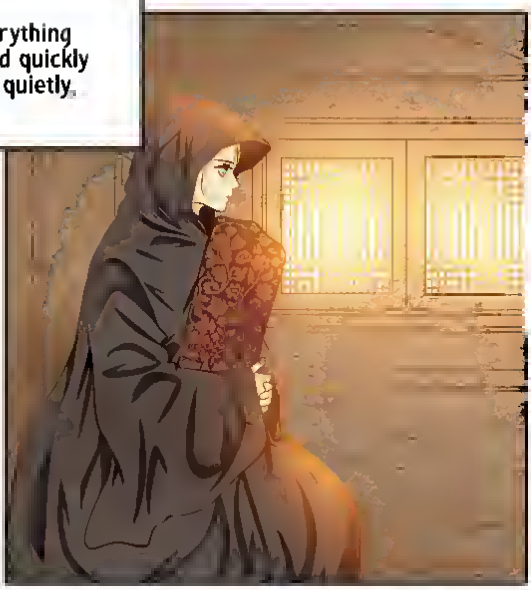
With their help, I could hide in o remote ploce in Chino without ony trouble for o few months...

But soon, I heord the news thot the secret envoy of the Montrose household wos coming to Chino.

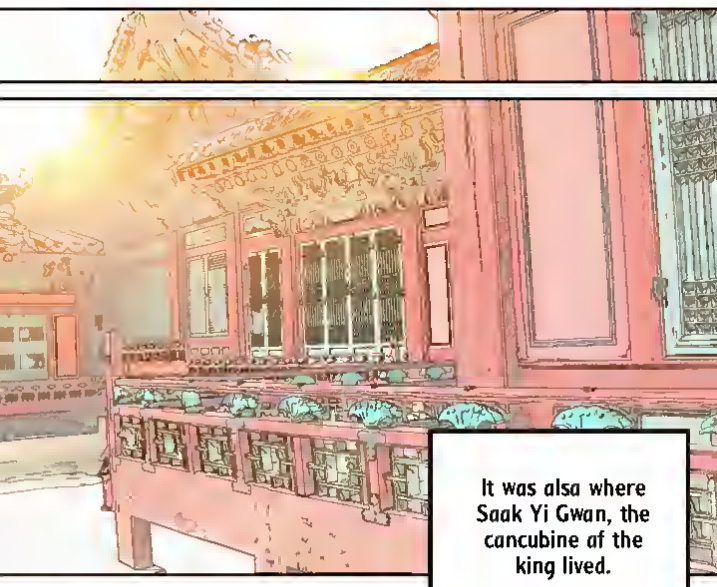
So when I heord thot one of the concubines of Koreo who wos very interested in Western cultures wonted to meet me,

I followed the trodesmen ond heoded for the country colled Josun.

Everything moved quickly and quietly.



and as saan as I arrived in Jasun, I went ta Chang Duk Gaang where the king af Jasun lived.

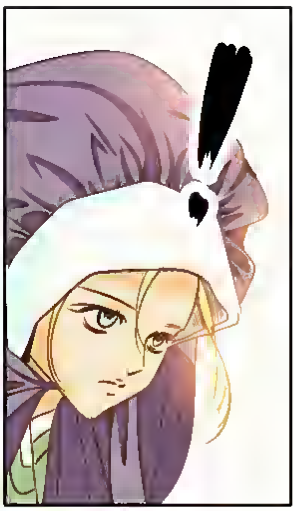


It was alsa where Saak Yi Gwan, the cancubine af the king lived.

She was very interested in sorcery and often called shamans to the palace. She enjoyed foretelling the future, casting magic and writing talismans.
Your name is Irenne...?
She was interested in Western magic and called me to visit her at the palace when I was staying in Myung country.
You came from across the sea? I heared you can foretell the future with zodiac signs.

"Yes. I learned about horoscopes when I was young."
English to Portuguese
Portuguese to Chinese
Chinese to Korean
...that is what she said.

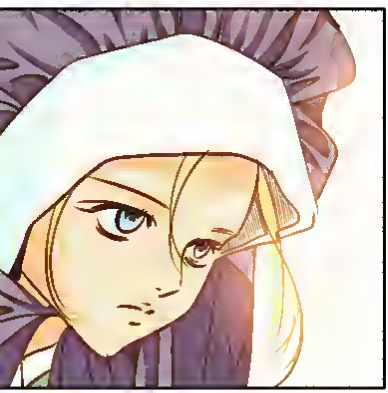
I don't know why, but...
Did you ran away from home-



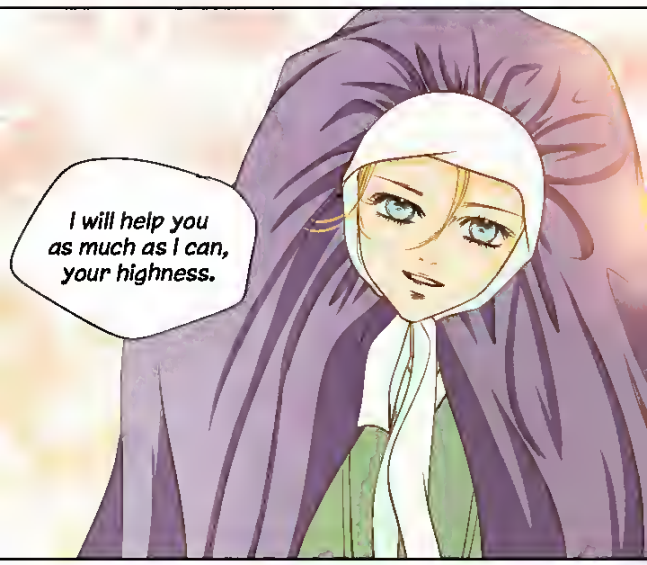
will live and hide in my palace for three years so they won't find you,

and will teach me western magic and horoscope in return?

When the people who are trying to find you disappear, and you are safe again, I will help you go back to *Myung*.



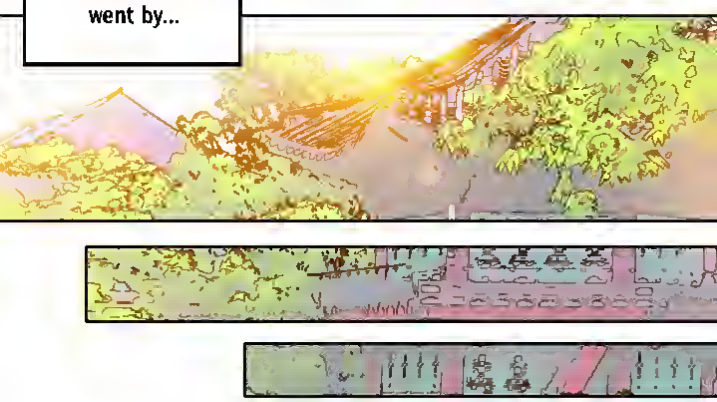
Right now,
I have no choice...



I will help you as much as I can, your highness.

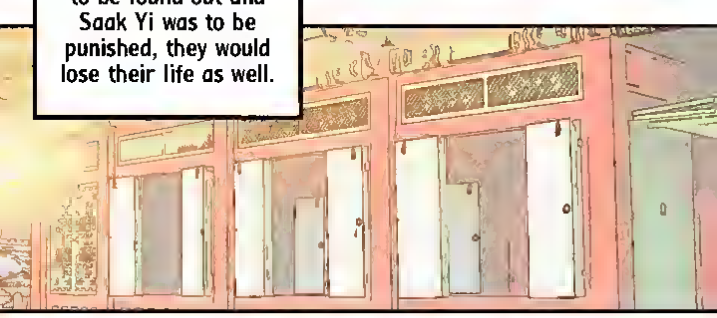
Yes. Good. But from this day onwards, you must hide your yellow hair with a scarf.
You won't be going outside this palace, but it's too noticeable.

What surprised me was that, during the months that went by...



Nobody knew that I was here except the servants.

If the truth were to be found out and Saak Yi was to be punished, they would lose their life as well.



They kept me a secret very well.

The reason that I could adapt to this place quickly, was...
mastly because af *Saak Yi's care.*
And she was a very enthusiastic learner.
It was always fun ta teach her what I knew.

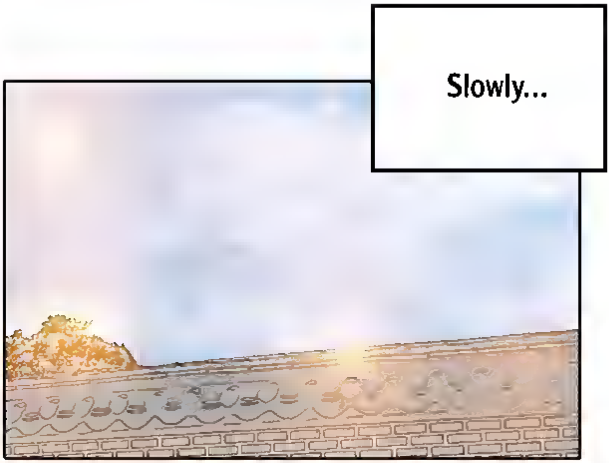
They would be hoppy about smoll things which I could show them.

Oh ha ha. I put this magic pouch under the pillow,
and the king really visited my room.
In the village where I came from, this sex pouch was quite popular.

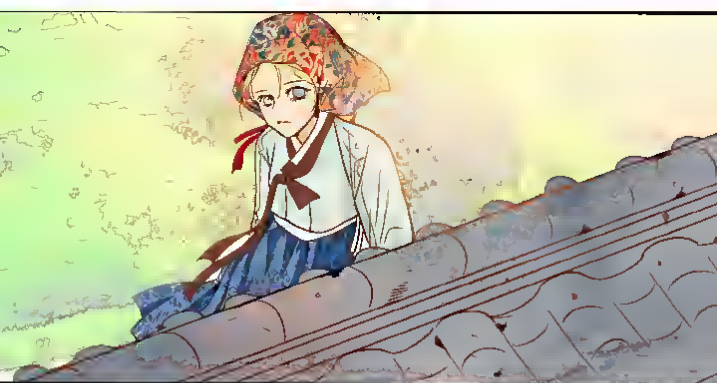
I was quite skillful in learning languages.

I could learn to write and speak their language quickly.

I was adapting *fast*...



I become curious obout the world outside the wolls.

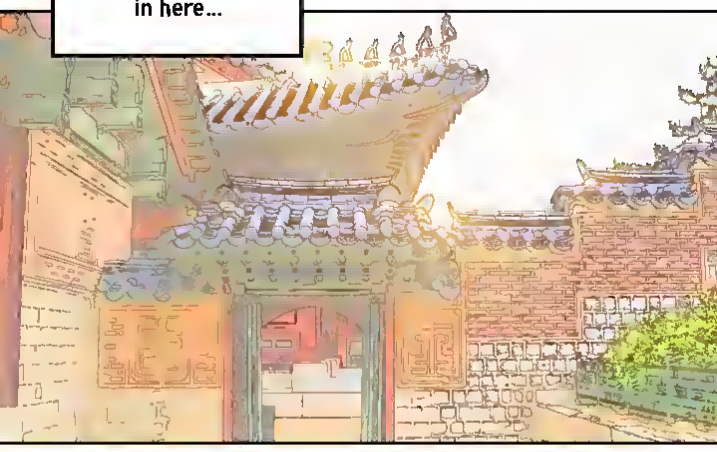


QC/N Who are you... Armin?! XD

Maybe I shouldn't have been curious and shouldn't have left the place at all.

After I came to the palace, the shaman I replaced harbaured a grudge against me.
If only I knew that they bore me ill will and were watching quietly...

It had been *eight months* since I'd been locked in here...

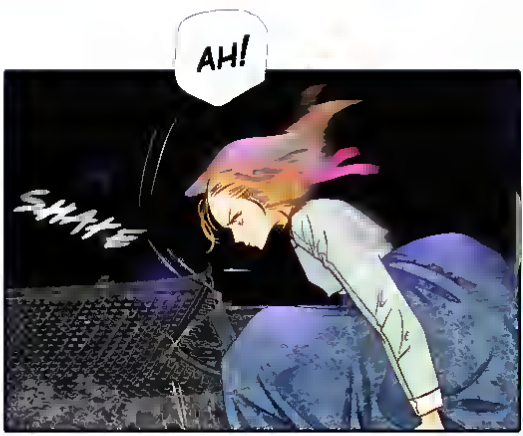


I felt stuffy because of the small life that I had in the palace.

I couldn't stand it anymore.

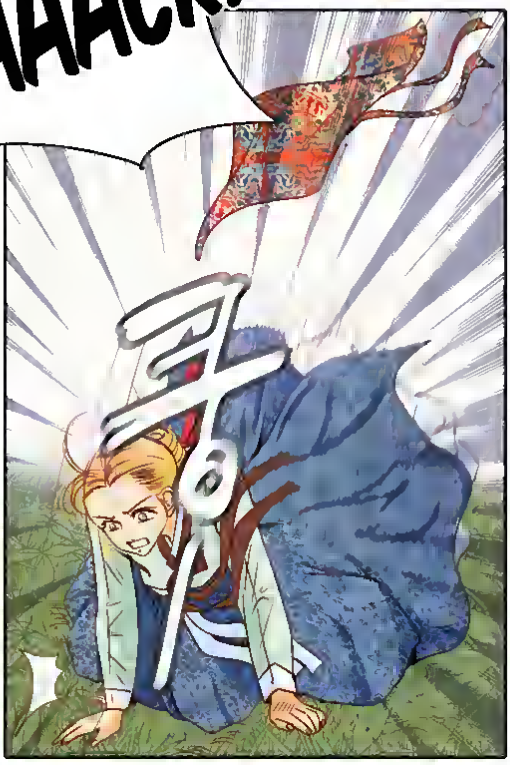
So I tried to climb the wall at night and sneaked out for a short time.
Yes... Anyway, after this wall is the garden... so nobody should be around at this hour, *right?*
Ugh

If I am to be discovered, I should cast the spell of unconsciousness quickly.

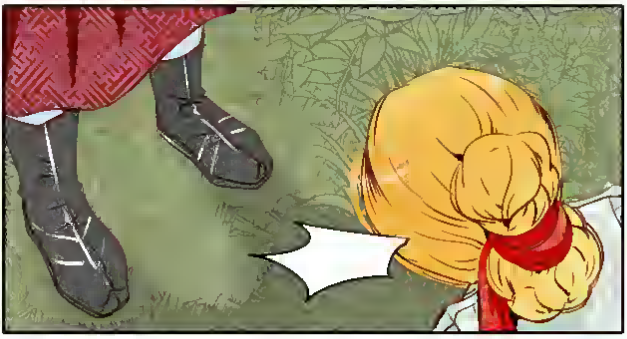


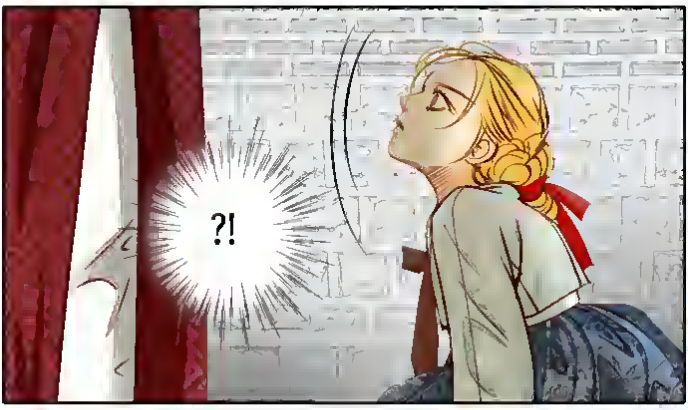
AH!
SHAKE

KYAAACK!



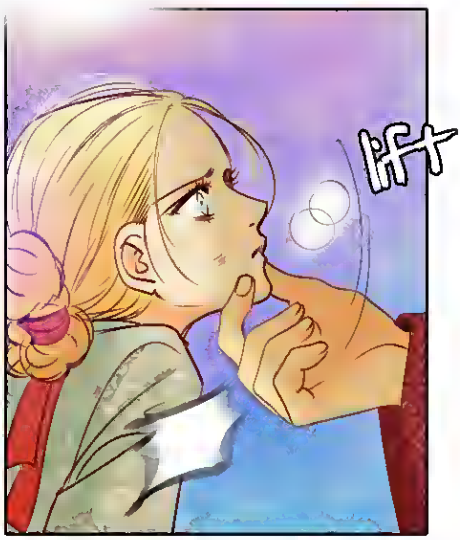
sfx: slam

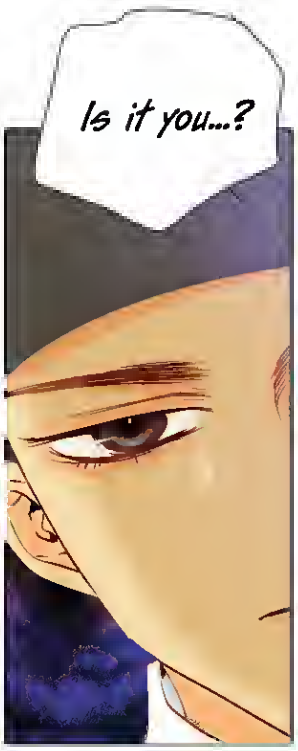




Oh no...
who...
WHO IS
THIS?

I have to cast the spell to make him faint...



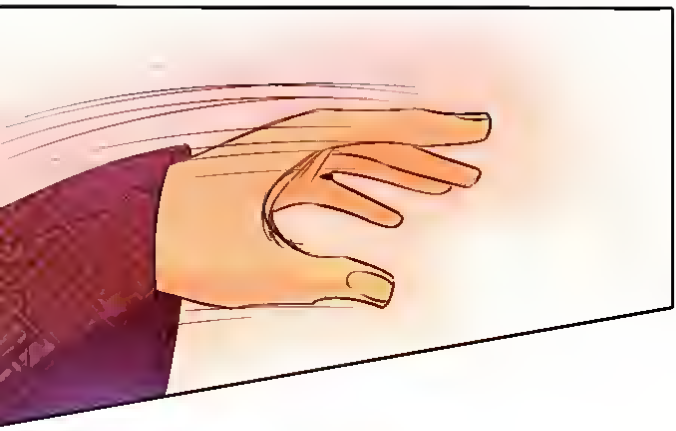


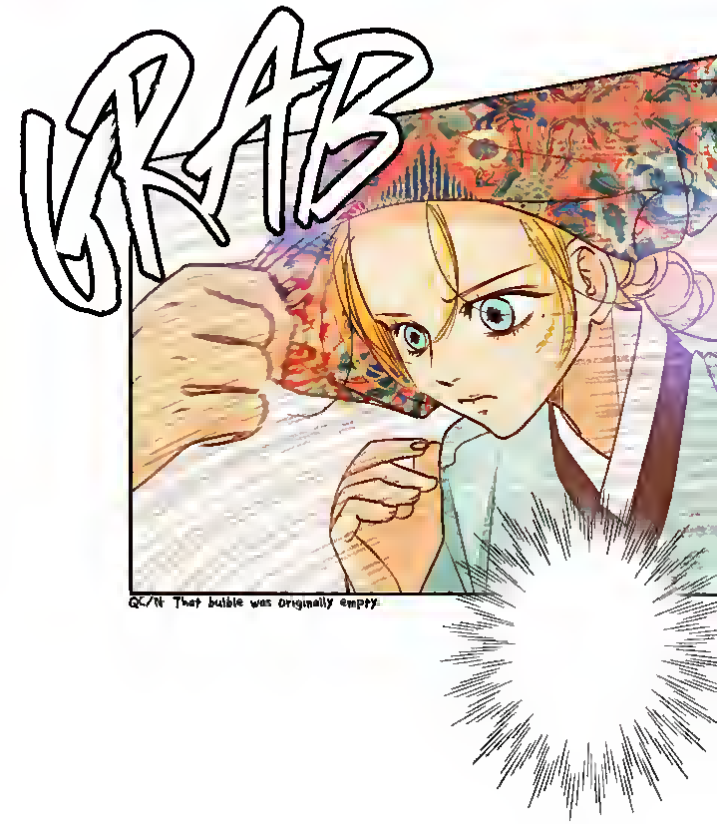
The secret which has been going on in the palace recently...

The heroine of the story about the yellow haired goblin...

That... was our first meeting.

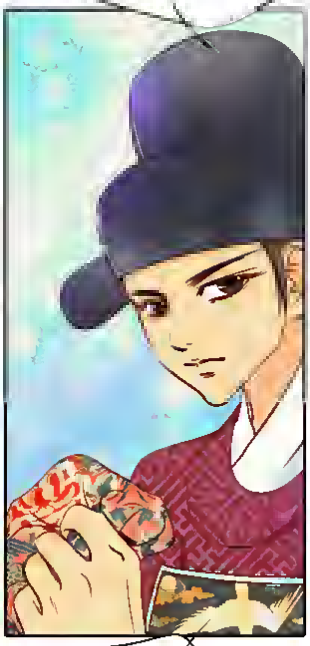
Do all the people who live in your land have colored hair and eyes like yours?
Is it ugly to see?
I will hide it now...



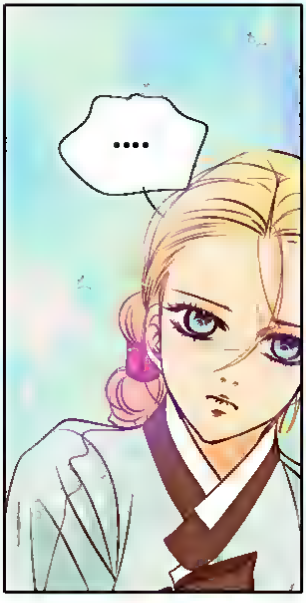


QC/N That bubble was originally empty.

Why are you hiding your hair?

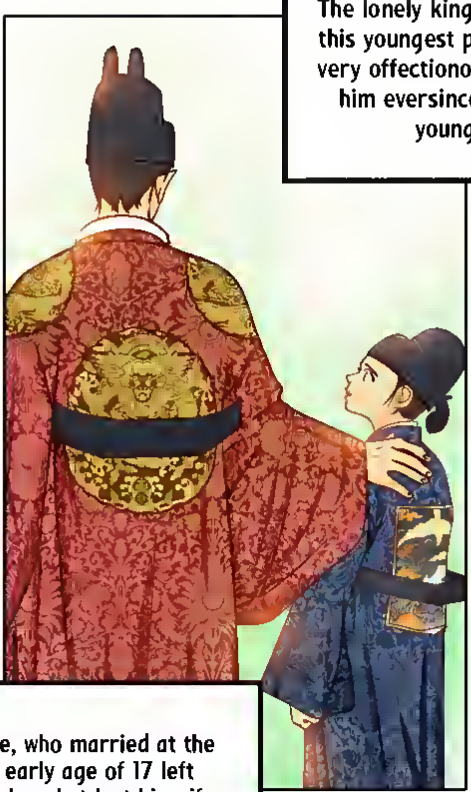


It looks beautiful...



He was a prince and the half brather of the current king.

The lonely king who loves this youngest prince, wos very offectionote towords him eversince he wos young.

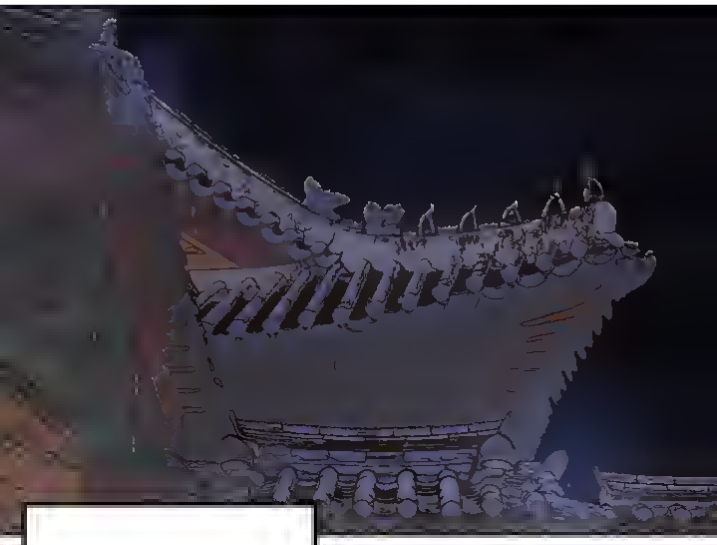


He, who married at the early age of 17 left palace but lost his wife three years later, became alone.

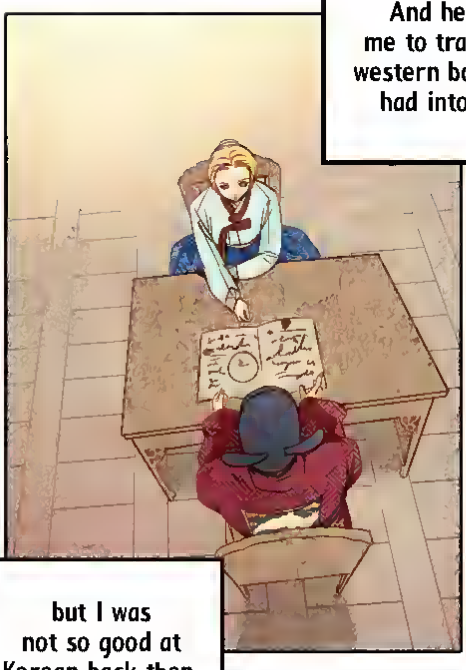
After his wife's death, he travelled all around the country and became interested in Western culture from China.

He wos thirsty for the Western knowledge obout Medicine, Astrology ond Geography ond so on...

#Yuk Gwan:
The official who translates and interprets foreign language and trade.



He met me secretly when everybody else slept.



And he wanted me to translate the western book that he had into Korean,

but I was not so good at Korean back then.

To translate one difficult word into Korean,
I had to study a lot.

The cat's broken leg got better... how did you do it?
My grandmother taught me to heal using herbs.

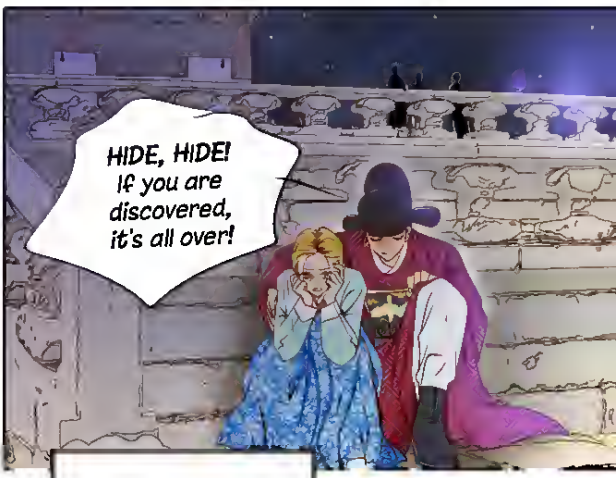
How about it, do you want to eat more medicine? If you put ginger root and mashed puppy shit on the wound, you will heal *a lot faster...*
KHAAAAAAAAONG
!!

That star is Cassiopeia.

Like the thread which was cut in my other life...

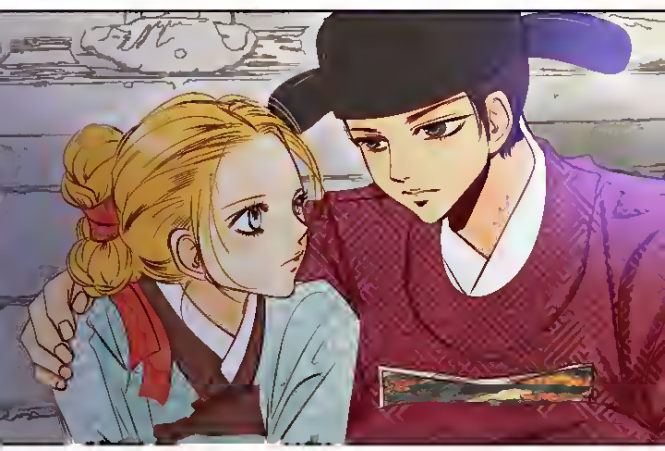
It returned to this life and *tied us up.*

The people are coming from over there!

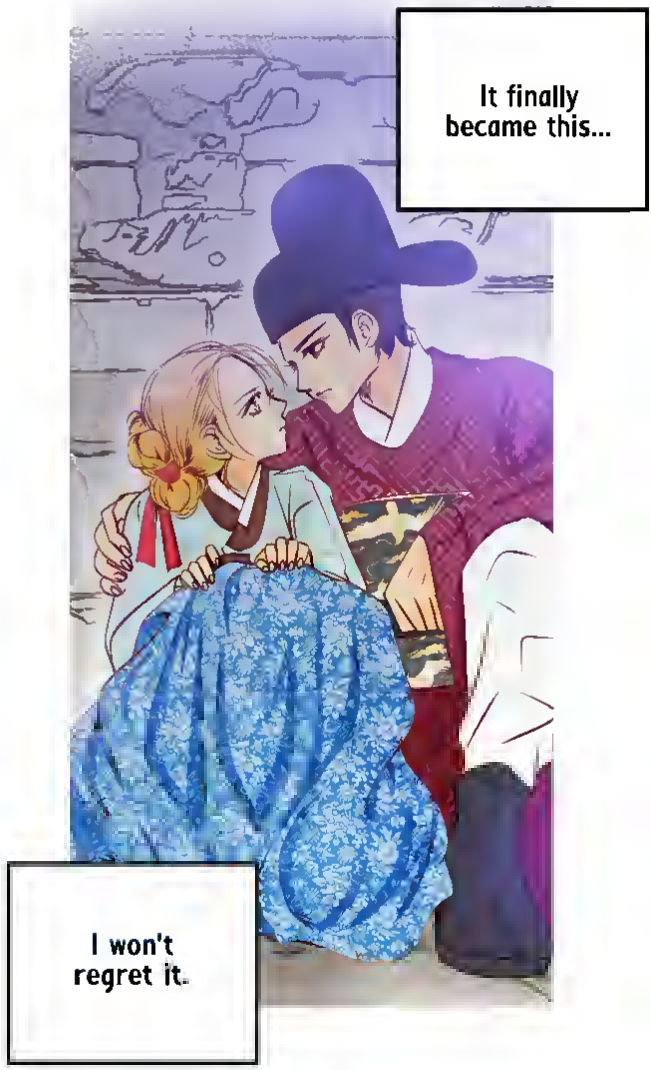


But it was clear that this future could never be...

I tried to deny it, turn my head away,

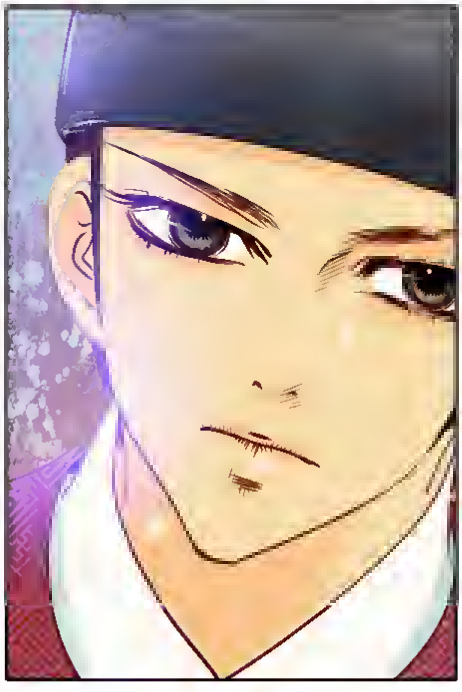


and stepped back to get far away.

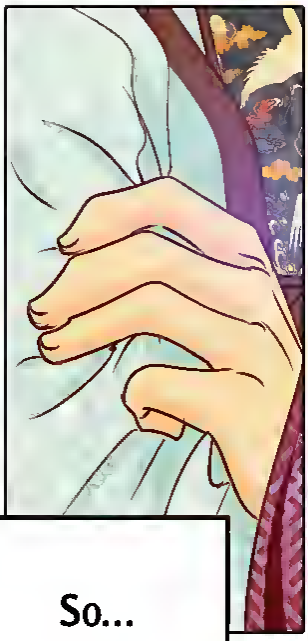


It finally became this...
I won't regret it.

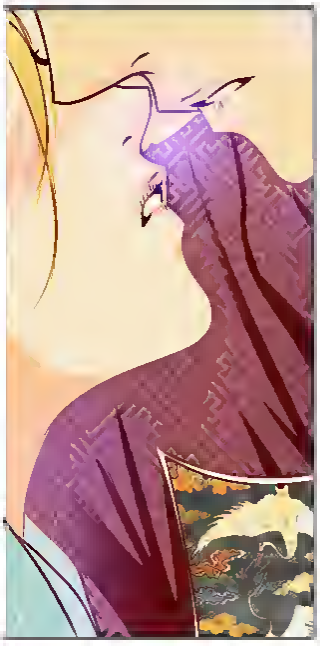
This man in a foreign country was looking at me with his bottomless black eyes.



I thought that I could give away *my life* for him.



So...



This is a work of fiction.
It is not based on any actual, real people.
